

**Create and configure IBM Cloud services**  
**Create IBM Watson IoT Platform and Device**

Date	20 oct 2022
Team ID	PNT2022TMID42985
Project Name	Project - Signs with smart connectivity for Better road safety
Maximum Marks	4 Marks

**Signs with smart connectivity for Better road safety**

The screenshot shows the IBM Watson IoT Platform 'Let's get started' page. The page has a dark header with the IBM Cloud logo and a search bar. The main content area is white and features a large blue icon of a device with connecting lines. Below the icon, the text 'Let's get started with IBM Watson IoT Platform' is displayed, followed by a description: 'Securely connect, control, and manage devices. Quickly build IoT applications that analyze data from the physical world.' There are two buttons: 'Launch' and 'Docs'. Below this, a section titled 'Ready for the next level?' shows the 'IBM Watson IoT Platform Journey' with three stages: 'Lite', 'Non-Production', and 'Production'. Each stage has a description: 'The Lite service plan provides a lightweight development environment to get you started', 'The Non-Production service plan is a full-featured, fully-integrated offering that enables', and 'The Production service is a fully managed SaaS offering that enables you to manage and analyze'.

The screenshot shows the IBM Watson IoT Platform 'Browse Devices' page. The page has a dark header with the IBM Watson IoT Platform logo and a user profile. The main content area is white and features a large blue icon of a device with connecting lines. Below the icon, the text 'Browse Devices' is displayed, followed by two buttons: 'All Devices' and 'Diagnose'. Below this, a paragraph states: 'This table shows a summary of all devices that have been added. It can be filtered, organized, and searched on using different criteria. To get started, you can add devices by using the Add Device button, or by using API.' Below the paragraph is a search bar labeled 'Search by Device ID'. To the right of the search bar is a 'Device Simulator' toggle switch. Below the search bar is a table with the following columns: 'Device ID', 'Status', 'Device Type', 'Class ID', and 'Date Added'. The table is currently empty, and a message at the bottom says 'You don't have any devices.'
